UI Design

NorthSpex

I worked as a Product Designer at Calibreon International from July 2021 to January 2023. During this time, I gained valuable experience in designing user-friendly interfaces and collaborating with cross-functional teams to enhance our flagship product. It was a rewarding experience that allowed me to grow both professionally and personally.

I worked as a UI/UX designer at UConnect from October 2020 to March 2021. During this time, I gained valuable experience in designing user-friendly interfaces and collaborating with cross-functional teams. It was a rewarding and instructive experience that continues to shape my career in design.

I gained valuable experience in User Experience fundamentals during my time at Google from October 2018 to August 2020. It was a transformative period in my career, where I contributed to UX research, usability testing, and product enhancements. This experience continues to shape my approach to UX design.

I had the opportunity to gain valuable experience in the field of UI design during my time at NorthSpex from October 2017 to July 2018. Working with the talented team at NorthSpex, I was able to hone my skills and contribute to the development of user-friendly interfaces. This experience was instrumental in my professional growth and allowed me to work on exciting projects that enriched my understanding of user-centered design principles. I look back on my time at NorthSpex with gratitude for the knowledge and expertise I gained during that period.
